PROFESSIONAL PROFILE

I close the gap between AI investment and real workforce change. At TIAA (Fortune 100, \$1.6T AUM), I conceived and launched CareerSpark, a 9-module AI capability platform available to 16,000+ associates enterprise-wide. I built and ran an operating framework connecting seven Client Services business areas and led workplace modernization for 3,000+ associates across six locations.

PROFESSIONAL EXPERIENCE

Director, Business Management TIAA (Fortune 100 Financial Services)

February 2022 - July 2026

Business Manager (2016-2022) | Sr. Management Specialist (2013-2016) | Business Consultant (2011-2013)

- **CareerSpark, AI Capability Platform:** Conceived, designed, and launched a 9-module AI-powered capability platform available to 16,000+ TIAA associates enterprise-wide. Full lifecycle ownership from discovery through governance, deployment, and adoption. 30+ townhalls and events reaching 1,500+ associates directly.
- **Operating Framework, Seven Business Areas:** Built and ran the framework that connected seven Client Services business areas through liaisons, peer learning, and shared strategy across Workplace, Engagement, and Recognition while keeping each business moving at its own pace.
- **Workplace Modernization at Scale:** Led change strategy for 3,000+ associates across six locations through the Denver consolidation (44% footprint reduction, 700+ to hoteling) and the Frisco Corporate Center opening for 500+, while driving a 395% rise in formal recognition on a \$500K budget.

Sales Engineer, Information Architect, Instructional Designer

2000 - 2011

Interactive Media / FT Knowledge / Pearson Performance Solutions / Vangent Human Capital

Continuous tenure through a chain of acquisitions, serving Fortune 500 enterprises and federal agencies.

- Designed Revolver, a Learning Content Management System that separated core content from contextual delivery. Single-source publishing two decades before it was common. Deployed across 5 Fortune 500 enterprises including Unilever, Bank of America, and Verizon Wireless.
- Sales engineer on the team that won enterprise ATS deals with the U.S. Department of Commerce (2010 Census) and Extra Space Storage. Surfaced field-driven enhancements that helped clients reduce hiring costs 50-80% and improve speed-to-hire 50%+.

INDEPENDENT AI BUILDS

Future Me, Answered (futuremeansanswered.com): Live AI career-discovery platform built with Next.js, Vercel AI SDK, and multi-provider AI. I conceived the product, designed the 5-stage discovery framework, and modeled 922 career paths. Companion build: TheHotSeat, a 4-agent Claude interview simulator.
