EXECUTIVE PROFILE

I close the gap between AI investment and real workforce change. At TIAA (Fortune 100, \$1.6T AUM), I conceived and launched CareerSpark, a 9-module AI capability platform available to 16,000+ associates enterprise-wide. I built and ran an operating framework that connected seven Client Services business areas and led workplace modernization for 3,000+ associates across six locations. Earlier, ten years at Pearson and Vangent serving Fortune 500 enterprises and federal agencies as sales engineer, information architect, knowledge engineer, and training specialist. My M.S. in Instructional Technology grounds adoption work in design, not opinion.

PROFESSIONAL EXPERIENCE

Director, Business Management

February 2022 - July 2026

TIAA (Fortune 100 Financial Services, \$1.6T AUM | 16,000 Associates)

Business Manager (2016-2022) | Sr. Management Specialist (2013-2016) | Business Consultant (2011-2013)

Led enterprise initiatives across the Client Services organization (~3,000 associates). Currently lead the associate-transformation workstream of TIAA's Recordkeeping Transformation program. Partner across HR, Workplace Services, Facilities, Risk and Compliance, and IT.

AI Adoption, Governance, and Capability Design

- **CareerSpark, Enterprise AI Capability Platform (2024-2025):** Conceived, designed, and launched a 9-module AI-powered capability platform available to 16,000+ associates enterprise-wide. Full lifecycle ownership from discovery through governance, deployment, adoption strategy, and impact measurement. 30+ townhalls and events reaching 1,500+ associates directly.
- **Responsible AI Governance:** Scoped the platform with business stakeholders, then partnered with Risk, Compliance, and Legal to define what it could and could not do. No associate data on company servers. No AI-initiated actions. Guided prompts that keep associates in control of decisions.
- **Skills of the Future Curriculum (2024):** Led team of 7 to design 5 curriculum tracks (12-17 modules each) covering critical future and digital-first skills. 890 unique users, 1,156 engagement interactions.
- **AI-Assisted Solution Development:** Built the CareerSpark Manager Guide on Amazon Q in one week, versus months traditionally, to prove out a new model for AI-accelerated development inside the enterprise.

Operating Frameworks and Enterprise Modernization

- **Multi-Unit Operating Framework:** Built and ran an operating framework connecting seven Client Services business areas through liaisons, peer learning, and shared strategy across Workplace, Associate Engagement, and Rewards and Recognition.
- **Workplace Modernization at Scale (2022-2024):** Led change strategy for 3,000+ associates across six locations through return-to-office, the Denver consolidation (44% real estate footprint reduction, 700+ associates to hoteling), and the Frisco Corporate Center opening for 500+ associates. Recognized as Change Champion.
- **Recognition Program Modernization (2019-2025):** Grew Client Services from minimal participation to 34-44% of all TIAA enterprise recognitions, a 395% increase on a \$500K budget. Earned a seat on the corporate platform selection team.

Cross-Functional Delivery

- **Virtual Product Expo (2020):** Adapted the in-person Career Fair model into a Virtual Product Expo when COVID eliminated regional events, expanding reach from regional to company-wide. 800+ associates reached. Model replicated by 3+ teams.
- **Enterprise Systems Foundation (2011-2016):** Designed the Management Systems suite, the operational dashboards Client Services leaders used to run their areas. Scaled SharePoint governance to 200+ sites.
- **Executive Read-Outs & Decision Forums:** Built and delivered executive-level read-outs for senior leaders, including townhalls, people-leader updates, and quarterly business reviews with clear narrative and decision-ready materials.

Sales Engineer, Information Architect, Instructional Designer

2000 - 2011

Interactive Media / FT Knowledge / Pearson Performance Solutions / Vangent Human Capital

Continuous tenure through a chain of acquisitions, serving Fortune 500 enterprises and federal agencies.

- **Enterprise Client Consulting:** Worked directly with Fortune 500 clients (Unilever, Bank of America, Verizon Wireless, GE Capital, Regions Bank) to scope capability needs, design adoption approaches, and shape multi-year implementation plans across business, technology, and end-user audiences.
- **Technical Solutions & Field Enablement:** Served as knowledge engineer, information architect, sales engineer, and instructional designer across enterprise LCMS and ATS platforms. ATS field-driven enhancements helped clients cut hiring costs 50-80% and improve speed-to-hire by half.
- **Federal & Enterprise Delivery:** Sales engineer on the team that won enterprise ATS deals with the U.S. Department of Commerce (2010 Census) and Extra Space Storage. Deployed Revolver LCMS across 5 Fortune 500 enterprises, designing knowledge architecture that separated core content from contextual delivery (single-source publishing two decades before it was common).

INDEPENDENT AI BUILDS

- **Future Me, Answered (futuremeanswered.com):** Live AI career-discovery platform built on Next.js, the Vercel AI SDK, and multi-provider AI. I conceived the product, designed the 5-stage discovery framework, and modeled the career data across 922 paths. Primary engineering by my brother.
- **TheHotSeat, AI Interview Simulator:** Agentic 4-agent Claude pipeline that generates role-specific questions from a job description, simulates panel dynamics across 8 presets, and returns scored coaching reports.

LEADERSHIP CAPABILITIES

AI & Transformation: AI Adoption Strategy | Responsible AI Governance | AI Literacy & Enablement | Agentic AI & Multi-Agent Workflows | Hands-on Builder across ChatGPT, Claude, Gemini, Kiro, GitHub Copilot

Strategy & Modernization: Operating Framework Design | Modernization Strategy | Process Optimization | Organizational Readiness | Business Case Development | Risk & Compliance Partnership

Enterprise Delivery: Cross-Functional Influence (HR, Tech, Business, Risk, Legal) | Executive Read-Outs & Decision Forums | Stakeholder Management | Budget Management (~\$500K) | Change Management

Learning & Capability Design: Instructional Design (M.S.) | Curriculum & Capability Strategy | Adoption Measurement | Lean for Financial Services

EDUCATION & RECOGNITION

Master of Science, Instructional Technology - Bloomsburg University of Pennsylvania (4.0 GPA)

Bachelor of Arts, Art (Commercial Art) - Millersville University of Pennsylvania

Certifications: Google Generative AI for Leaders | Lean for Financial Services, TIAA (inaugural class)

Awards: Three-time Values Champion (2022, 2025, 2026) | "Face of TIAA" Values VIP (2025, top 4 company-wide) | Change Champion (2025) | Denver Leadership Council
