EXECUTIVE PROFILE

I lead enterprise AI adoption end-to-end. I identify high-impact use cases, design governance with Risk, Compliance, and Legal, build literacy programs that actually take hold, and measure whether the investment delivered. At TIAA (Fortune 100, 16,000 associates), I conceived and launched CareerSpark, a 9-module AI-powered capability platform, with full lifecycle ownership. My M.S. in Instructional Technology grounds my adoption work in behavior change, not content production. I spent the first decade of my career at Pearson and Vangent building enterprise learning and workforce technology for Fortune 500 clients. The EdTech orientation Amplify is hiring around is where my career began.

PROFESSIONAL EXPERIENCE

Director, Business Management

February 2022 - Present

TIAA (Fortune 100, \$1.6T AUM | 16,000 Associates)

Business Manager (2016-2022) | Sr. Business Mgmt Specialist (2013-2016) | Business Consultant (2011-2013)

Leading the associate-transformation workstream of TIAA's Recordkeeping Transformation program. Partner across HR, technology, and business leaders to translate AI capability into operating-model change.

Enterprise AI Strategy, Governance & Adoption

- **CareerSpark, Enterprise AI Platform (2024-2025):** Conceived, designed, and launched a 9-module AI-powered capability platform for 16,000+ associates with full lifecycle ownership: discovery, vendor evaluation, governance design, deployment, adoption strategy, and impact measurement. Drove sustained engagement through 30+ town halls and team sessions reaching 1,500+ associates directly.
- **Responsible AI Governance:** Partnered with Risk, Compliance, and Legal before launch to define platform boundaries (no associate data on company servers, no AI-initiated actions, human-in-the-lead prompt frameworks). Governance designed in from the start, not added afterward.
- **Skills of the Future Curriculum (2024):** Led team of 7 to design 5 curriculum tracks (12-17 modules each) covering critical future and digital-first skills, mapped to real role trajectories. 890 unique users, 1,156 engagement interactions. Built Ramp upskilling that produced direct career transitions into technology roles.
- **AI-Assisted Solution Development:** Built the CareerSpark Manager Guide on Amazon Q in one week, versus months traditionally. Worked across TIAA's enterprise AI environment, including Amazon Q, Kiro, and TIAA's proprietary AI platform.

Enterprise Transformation & Change Leadership

- **Workforce Transitions at Scale (2022-2024):** Led change strategy for 3,000+ associates through return-to-office, Denver consolidation (44% footprint reduction), and the Frisco corporate center opening. Zero retention crisis. Built change champion networks and used culture data to shape engagement. Recognized as "Change Champion."
- **Recognition Strategy Transformation (2019-2025):** Diagnosed underused enterprise recognition as a systemic problem. Grew participation 395% (~\$500K budget). Earned a seat on the corporate team selecting the new enterprise platform.

Product Leader & Enterprise Solutions Architect

2000 - 2011

Interactive Media / FT Knowledge / Pearson Performance Solutions / Vangent Human Capital

Continuous tenure through a chain of acquisitions from a learning technology startup into Pearson, the K-12 publisher, then spun out as Vangent Human Capital. Served Fortune 500 enterprises and federal agencies.

- **Enterprise EdTech and Workforce Technology Consulting:** Led iterative discovery engagements with Fortune 500 clients (Unilever, Bank of America, Verizon Wireless, GE Capital, Regions Bank) on capability strategy, technology selection, and adoption design. Translated discovery findings into multi-year implementation roadmaps that aligned executive sponsors, technical owners, and end users around measurable outcomes.
- **Enterprise Learning Architecture (Revolver LCMS):** Designed a knowledge architecture that separated core content from contextual delivery. Single-source publishing two decades before it was common. Deployed across 5 Fortune 500 enterprises. Trained enterprise teams internationally.
- **L-Channel Satellite TV Training (Lucent):** Built broadcast courseware to Lucent's global sales force. 80% reduction in training delivery costs. Enterprise Networks Gold President's Award. Contributed to the enterprise multimedia standards team.
- **Large-Scale Workforce Programs:** Sold and led enterprise ATS implementation for Department of Commerce (2010 Census hiring) and Extra Space Storage. Drove client hiring cost reductions 50-80% and speed-to-hire improvements 50%+ by redesigning workflow alongside technology.

INDEPENDENT AI BUILDS

Self-directed projects that keep AI practice hands-on and apply learning design methodology to real K-12 student and adult career decisions.

- **Future Me, Answered (futuremeanswered.com):** A live AI career-discovery platform for K-12 students, built on Next.js, the Vercel AI SDK, and multi-provider AI. I conceived the product, designed the 5-stage discovery framework and instructional approach, and modeled the career data (922 paths with salary data, AI Resilience Scores, and weighted decision matrices). Primary engineering by my brother.
- **TheHotSeat, AI Interview Simulator:** Built on a 4-agent Claude pipeline that generates role-specific questions from a job description, simulates panel dynamics across 8 presets and pressure levels, and returns scored coaching reports.

CORE COMPETENCIES

Enterprise AI Transformation: AI Adoption Strategy | AI Governance & Responsible AI | AI Literacy & Enablement | Vendor Landscape Evaluation | Build vs. Buy vs. Blend | ROI & KPI Design | Enterprise AI Intake & Prioritization

AI & Technology: AI Use Case Identification | Agentic AI Prototyping | Hands-on AI Builder (ChatGPT, Claude, Gemini, Kiro, GitHub Copilot) | AI-Assisted Rapid Prototyping | Privacy- and Risk-Aware Architecture

Learning & EdTech: Instructional Design (M.S.) | Learning Content Management (LCMS) | Curriculum & Capability Strategy | Adoption Measurement | Pearson / Vangent EdTech background

Enterprise Leadership: CIO and Executive Partnership | Cross-Functional Influence (HR, Tech, Business, Risk, Legal) | Agile / Iterative Delivery | Vendor and Contractor Management | Budget Management (~\$500K) | Change Management

EDUCATION & RECOGNITION

Master of Science, Instructional Technology - Bloomsburg University of Pennsylvania

Bachelor of Arts, Art (Commercial Art) - Millersville University of Pennsylvania

Certifications: Google Generative AI for Leaders | Lean for Financial Services, TIAA (inaugural graduating class)

Awards: "Face of TIAA" Values VIP (2025, top 4 company-wide) | Values Champion (2022, 2025) | Change Champion (2025) | Denver Leadership Council
