EXECUTIVE PROFILE

AI workforce strategy is about more than tools. It is about redesigning how work happens, what roles are needed, and how the existing workforce moves toward the new operating model. My M.S. in Instructional Technology grounds this in learning design and behavior change methodology, not content production. At TIAA (Fortune 100, 16,000 associates), I lead the associate-transformation workstream of a multi-year enterprise change while peer teams lead technology and process transformation. Earlier, I spent a decade in management consulting architecting workforce capability systems for Fortune 500 clients. I help organizations move beyond AI adoption into AI-driven operating model redesign.

PROFESSIONAL EXPERIENCE

Director, Business Management

February 2022 - Present

TIAA (Fortune 100, \$1.6T AUM | 16,000 Associates)

Business Manager (2016-2022) | Sr. Business Mgmt Specialist (2013-2016) | Business Consultant (2011-2013)

Lead the associate-transformation workstream of TIAA's Recordkeeping Transformation program. Partner cross-functionally across HR, technology, and business leaders to translate AI capability into workforce change.

AI Workforce Strategy & Capability Design

- **CareerSpark, AI Workforce Capability Platform (2024-2025):** Conceived, designed, and launched an AI-powered career and capability platform for 16,000+ associates. 9-module ecosystem with intentional architecture, defined pedagogy, and AI-powered tools. Drove sustained adoption through 30+ town halls and team sessions reaching 1,500+ associates directly. Demonstrated how AI augments, rather than replaces, human capability development.
- **Skills of the Future Program (2024):** Led team of 7 to develop 5 curriculum tracks (12-17 modules each) for AI literacy and digital-first skills, mapped to real role trajectories. 890 unique users, 1,156 engagement interactions.
- **AI-Assisted Solution Development:** Built the CareerSpark Manager Guide using Amazon Q in one week (vs. months traditionally), using Amazon Q and Kiro for enterprise AI development.

Enterprise Workforce Transformation & Change Leadership

- **Workforce Transitions at Scale (2022-2024):** Led change strategy for 3,000+ associates through return-to-office, Denver consolidation (44% footprint reduction), and the Frisco corporate center opening. Zero retention crisis. Built change champion networks and used culture survey results to shape engagement events that addressed associate concerns. Recognized as "Change Champion."
- **Recognition Strategy Transformation (2019-2025):** Diagnosed underused enterprise recognition as a systemic problem. Grew participation 395% (\$500K budget). Earned a seat on the corporate team selecting the new enterprise platform.

Product Leader & Enterprise Solutions Architect

2000 - 2011

Pearson Performance Solutions / Vangent, Inc.

Global provider of human capital management and enterprise technology for Fortune 500 and government clients

- **Enterprise Workforce Technology Consulting:** Consulted with Fortune 500 clients (Unilever, Bank of America, Verizon Wireless, GE Capital, Regions Bank) on workforce technology strategy, capability design, and adoption. Served as strategic technical partner across multi-year implementations.
- **Enterprise Learning Architecture (Revolver LCMS):** Designed a knowledge architecture that separated core content from contextual content, so a single source could be delivered as full lessons, field job aids, or micro-learning based on the performer's context. Single-source publishing two decades before it was common. Deployed across 5 Fortune 500 enterprises. Traveled internationally training enterprise teams.
- **L-Channel Satellite TV Training (Lucent):** Built broadcast courseware delivered to Lucent's global sales force, driving 80% reduction in training delivery costs. Also contributed to the enterprise multimedia standards team. Enterprise Networks Gold President's Award.
- **Large-Scale Workforce Programs:** Led enterprise platform deployment for Department of Commerce (2010 Census hiring) and Extra Space Storage. Drove client hiring cost reductions 50-80% and speed-to-hire improvements 50%+ by redesigning workflows alongside technology.

INDEPENDENT AI BUILDS

Self-directed projects that keep my AI practice hands-on and apply learning design to real career problems.

- **Future Me, Answered (futuremeanswered.com):** A live AI career-discovery platform for students, built on Next.js and a multi-provider AI stack with backend engineering from my brother. I conceived the product, designed the 5-stage framework and instructional approach, modeled the career data (922 paths with salary, AI-resilience, and decision-matrix scoring), and orchestrated the AI tooling that built it.
- **TheHotSeat, AI Interview Simulator:** Built on a 4-agent Claude pipeline that generates role-specific questions from a job description, simulates panel dynamics across 8 presets and pressure levels, and returns scored coaching reports.

CORE COMPETENCIES

AI Workforce Strategy: AI Adoption Strategy | Role & Career Pathway Redesign | Future-of-Work Strategy | Workforce Upskilling & Reskilling | Change Enablement | Adoption Measurement

Learning & Capability Design: Instructional Design (M.S.) | Curriculum Strategy | Blended Learning Design | Adoption Strategy & Measurement | Manager Enablement

AI & Technology: AI Use Case Identification | Agentic AI Prototyping | Hands-on AI Builder (ChatGPT, Claude, Gemini, Amazon Q, GitHub Copilot) | AI-Assisted Rapid Prototyping | Responsible AI Governance

Enterprise Leadership: Cross-Functional Influence (HR, Technology, Business) | VP-Level Partnership | Enterprise Change Management | Stakeholder Management | Budget Management (~\$500K) | Change Champion Networks

EDUCATION & RECOGNITION

Master of Science, Instructional Technology - Bloomsburg University of Pennsylvania

Bachelor of Arts, Art (Commercial Art) - Millersville University of Pennsylvania

Certifications: Google Generative AI for Leaders | Lean for Financial Services, TIAA (inaugural graduating class)

Awards: "Face of TIAA" Values VIP (2025, top 4 company-wide) | Values Champion (2022, 2025) | Change Champion (2025) | Denver Leadership Council
